How to Support Honeybees in the Landscape

Join us when we welcome JoAnne Sabin, Master Gardener and member of the Minnesota Hobby Beekeepers Association. JoAnne has been teaching honeybee related topics since 2004 and has been a hobby beekeeper since 2005.

When: Thursday, March 8, 2012

Where: Pierre Bottineau Library
55 NE Broadway, Minneapolis

Time: 12:00 - 2:00 p.m.

- What type of bees need our help and why?
- What can the homeowner/landscaper do to help sustain them?
- What is their economic importance?
- How can they contribute to the urban landscape?
- Best plant combinations and why?
